SKILLS				
HTML5 & CSS3	JavaScript	TypeScript	React.js	Next.js (SSR , SSG)
React Hooks	Redux Toolkit	Context API	State Management	RESTful API
Axios	React Query	Tailwind CSS	Material UI	NextUI
Framer Motion	PWA	Next.js API Routes	Prisma	next-i18next
zod & yup	Vercel	React DevTools	SEO	Formik
React-hook-form	Responsive Web Design	Lighthouse	next-auth	Git & GitHub & GitLab

## EXPERIENCE

### Sepehr Academy React.js & Next.js & Mentor

August 2022 — September 2024

- Optimized web pages for maximum speed and scalability, reducing load times by 25% through techniques like lazy-loading.
- Built responsive web applications with React, ensuring cross-browser compatibility and mobile optimization.
- Implemented state management using Redux Toolkit in a multi-component React app to enhance performance and code maintainability.
- Collaborated with a team of developers to deliver robust React applications, adhering to project deadlines.
- Mentored 3 development groups, providing guidance on HTML, CSS, and JavaScript fundamentals.
- Enhanced SEO and accessibility using Next.js features like server-side rendering (SSR) and static site generation (SSG), leading to a 25% increase in organic traffic.
- Led a team of junior developers, providing mentorship and code reviews to ensure adherence to coding standards and best practices.

### Arman Pajohan Science and Technology Company (Apanco) React.js

July 2020 — July 2022

- Developed an educational web app using React, integrating various APIs for real-time data fetching and error handling.
- Utilized React Hooks and functional components to eliminate redundancy and improve efficiency.
- Developed reusable components and design systems with Storybook and TypeScript, improving code consistency across multiple projects.
- Implemented multilingual support using next-i18next and next-translate, enabling seamless localization for global audiences.
- Refactored legacy codebase to improve readability, maintainability, and performance, reducing technical debt and improving development velocity.
- Created custom hooks and utilities to abstract complex logic, promoting code reuse and reducing redundancy across multiple components.

## EDUCATION

### Bachelor's Degree in Computer Engineering

Iran National Skill University (NUS)

## CERTIFICATIONS

### Advance React.js & Next.js

- Developed advanced skills in React.js through a professional course provided by Udemy.

### HTML & JavaScript Certificate

- Technical and Vocational Certificate from Training Organization of Iran.

## LANGUAGE

### English

- Intermediate
